

# BUILD A CAMP AT ST. JAMES

This summer we are excited to open a second site here in the Falls Church area for our summer programs. This second site will be open for 6 weeks on the campus of St. James School in Falls Church. The format will be a mix of everything that makes Congo so special but also allows for flexibility and offers a variety of activities for your camper. Our "Build a Camp" menu allows you and your camper(s) to create their very own schedule from a wide array of our most popular camps.

## How does "Build a Camp" work?

Our camp day is split into 4 blocks, plus lunch. Campers select two morning activities and two afternoon activities. We also have a select group of double block activities that are available either in the AM or PM. You also have the option to enroll in just a half day or a full day, split with our academic offerings. All **Build a Camp** activity descriptions are available online.

Session	Time Slot	Class	Rising					
			1st Grade	2nd Grade	3rd Grade	4th Grade	5th Grade	6th-9th Grade
